Milk is served with Breakfast & Lunch

Summertime is the time for sharing of Food & Love!

Did you know that the US has more BBQs than any other country?

Did you also know that we love our Summer BBQs more than any other country!

We are taught in the scripture that Summer, often symbolizes a time of spiritual ripening of faith. As summer follows spring, which is a time of rebirth and growth, summer represents the divine reward after patience and nurture. The Bible speaks of summer as a period of maturity where seeds sown in faith come to fruition. It emphasizes the value and beauty of human life and the grace of God, as all life flourishes during this season, reflecting God's abundant blessing and love. So as 1 Corinthians 10:31 says "So whether you eat or drink or whatever you do, do it all for the glory of God."
